Are you looking for the skills you need to be a BSA trainer? Then Trainer's EDGE is for you! The purpose of the Trainer's EDGE course is to provide and help develop the platform skills of a trainer. It is meant to supplement the practice offered through such programs as Wood Badge and NYLT staff development, with a focus on the participant, while raising the level of skill a trainer brings to the staff experience. Only practice can polish these skills; this course is intended to "train the trainer" on behaviors and resources while offering hands-on experience in methods and media.
