

# Life to Eagle Presentation

Does your troop have Life Scouts who are working toward earning the rank of Eagle Scout and have questions about the process?

Do your unit leaders or parents want a better understanding of the Eagle Scout rank requirements, project process, paperwork, and approvals?

The Potawatomi Area Council's *Life to Eagle* presentations provide guidance and insight from experienced advancement administrators on how to successfully navigate the journey to Eagle Scout.

These presentations are designed for:

- Life Scouts pursuing the Eagle Scout rank
- Parents and guardians
- Scoutmasters, Advisors, and unit leaders
- Advancement coordinators and committee members

Topics include:

- Eagle Scout rank requirements
- Eagle Scout service project process and approvals
- Eagle application procedures
- Letters of recommendation
- Boards of Review
- Recent updates and common questions

Presentations are typically offered during the Spring and Fall at the Council Service Center. Please watch the Council calendar for upcoming dates and registration information.

Units with several Life Scouts who are unable to attend a scheduled session may request a presentation specifically for their troop or crew.

To arrange a presentation or for additional information, please contact:
