## WHAT IS WOOD BADGE ?

Reflecting the best of nearly a century of Scouting experience, Wood Badge draws upon the most current leadership models used by corporate America, academic circles and successful organizations throughout the country.

Participants will learn Wood Badge training was initially developed by Baden Powell in 1919 as a way to insure that the leaders of Scout troops were properly trained. Since then Wood Badge has been held worldwide, providing advanced leadership training to thousands of Scout leaders.

## WHY ATTEND?

By taking Wood Badge, Scouters will acquire valuable tools such as listening, communicating, conflict management, project planning and leading change. Participants will better learn to understand and appreciate diversity and differences in our society. They will learn skills that will make them a better Scout leader. Units with trained leaders are able to deliver an improved program and a more meaningful experience for the youth Scouting serves. Participants will understand, practice and internalize the 5 themes of Wood Badge:

- Living the Values
- Growing
- Connecting
- Guiding
- Empowering

## REGISTRATION IS LIMITED!

Attendance at all five days (both weekends) is *required* to complete the practical experience.
