SCOUT SERVICE CENTER**

COST:

FREE

REGISTER:

PACBSA.ORG

BB Gun & Archery Range Master Training:

Get your leaders trained as BB Gun & Archery Range Masters! This certification is good for 2 years. Leaders must have this training to operate BB Gun or Cub Scout Archery ranges at any Camp Long Lake or other Council or District event. The training also covers sling shots and wrist rockets.

Equipment will be supplied, no need to bring your own with you. Please bring a notebook and writing utensil.

NOTE: This Archery training is for **Cub Scout archery only**; leaders desiring to run Archery for Troops/Crews must be certified as USAA Level 1 Instructors. Anyone interested in running ranges for firearms of any kind need NRA RSO and Instructor certifications.

A reminder to those Scouters who work with Cub Scout Packs: BB gun and Archery **are not a Den or Pack approved activity**. They may only be done at council or district events at Camp Long Lake or approved ranges. This can be at already established events, or, if Scouts are interested in more opportunities to participate in shooting sports, new events can be created.
